## Music

### 1. Read and choose the best title.

- a) Music I hate
- b) My music likes and dislikes
- c) I want to be a musician

Hi!

My favourite kinds of music are pop and K-pop, but I also like rock and indie. Pop music is always on the music channel on TV and the music is so catchy – I like to sing along! K-pop is so popular in Vietnam and the music's so fun. When I feel sad, I listen to K-pop to cheer me up.

I like going to rock and indie concerts because the music's so loud you can almost feel it! I like music where the musicians play their own instruments. Even better if they write their own songs!

Actually, I like most music but I really hate dance music. Usually there are no words, just music and I think that's boring! As I said before, I like to sing along at home or with my friends – even when we're dancing!

I love music. What about you?

Sam
