Listen and check.

- 20 Read, look and match.

a **Kyle's blog** 

In Britain, we've got a lot of different families – some are big and some are small. My family is quite big now. My mum has got a new husband and he's great. He's very clever and he helps me with my homework. He's got two sons so now I've got two brothers. We play football together every Saturday. We argue but, after five minutes, it's all OK! They're my brothers and my good friends.

Kyle, 12, Britain 

b **Lang's blog** 

A lot of families here in China have got only one child. My friends and I haven't got brothers or sisters but we aren't sad. Brothers and sisters can be bossy! We can do what we want. We've got a good life and we've got very good friends. I live with my mum and dad, and my granny and grandad. It's fun because my granny plays games with me. I love my small family.

Lang, 11, China

C **James's blog**  

My friends have small families but I've got a mum and dad, six sisters and nine brothers. The big children help the small children. My sister, Jill, is seventeen and she helps me with my homework and music practice. She's bossy but she's nice, too.

Our house is big. We've got a very big kitchen and there are four bathrooms in the house. We've got three washing machines for all the dirty clothes. Big families are great!

In the winter, we don't see the sun very much. There's one long night for four weeks in December and January. There are some big snow storms and it is very, very cold. We go to school by snowmobile because we can't use a car.

Summer

In the summer, there aren't any snow storms. There are often long sunny days. For a month, it is never nighttime. I go kayaking and fishing every day. The summer is great but it's very short. In September, it's time for my winter clothes again.

Choose the right shoes!

We all love wearing our favourite trainers. But for some activities, trainers aren't a good idea. Find out how to choose the right shoes.

a In good weather, trainers are great for walking in a city. But on a rainy day, your feet get wet. Trainers are too soft for walking in the mountains. They can be dangerous. Always wear stiff walking shoes or boots.

b Dancers move and bend their feet a lot. The trainers in this picture are good for dancers because the soles are soft in the middle. The soles of other trainers are too stiff.

c For rock climbing, you want to feel the rock with your feet. Trainers are too big for this. Climbing shoes are small and tight.

Every year, there are new computer games but let's look at some of the old ones...

2 The *Game Boy* was Japanese. It was first in the shops in 1989. It was small and there were a lot of good games for it. The games were black and white. Games with the character Mario were very successful.

Christmas Day is on 25th December and there are two weeks of school holidays. My favourite thing at Christmas is the music. I'm in a music club at school and in the evenings before Christmas we sing Christmas songs outside the shops. It's cold and dark but we love it.

On 24th December, I put a stocking in the living room. In the morning, it's got presents in it. Some children think the presents are from Santa Claus. We eat a big lunch on Christmas Day with Granny and Grandad: turkey, potatoes and Brussels sprouts. Then we eat a big fruit pudding. After the meal, there are presents for everyone.
