### 9. Read and answer the questions. (5)

**Food** is what people and animals eat to survive. Food usually comes from animals or plants. It is eaten by living things to provide energy and nutrition. Food contains the nutrition that people and animals need to be healthy. It contains protein, fat, carbohydrates, vitamins, and minerals. Liquids used for energy and nutrition are often called "drinks". If someone doesn't have money for buying food they go hungry.

Food for humans is always made through farming or gardening. It includes animal and vegetable sources. Some people say no to eat food from animal origin, like meat, eggs, and products with milk in them. Not eating meat is called vegetarianism. Not eating or using any animal products is called veganism.

At home, food is prepared in the kitchen, by the cook. The cook sometimes uses a cookbook.

Food can also be prepared and served in restaurants .

1. Write a title for reading.
2. What is the text about?
3. How is human food made?
4. What happened if someone doesn't have money to buy food?
5. Where do food usually come from?

### 10. Write about a school camping trip. (5)
