Tablet

TechMiniTablet: It's one year old, but it looks new. It's small and light, and you can carry it in a backpack or in your jacket. It does everything! You can play games, upload your photos, download the latest music, watch movies, or your favorite TV shows. The camera is easy to use, but you can disconnect it when you want. The tablet has a special battery that you don't need to charge. Do you have an MP3 player? Do you want to swap? Contact me: *nicole16*, Grade 7

Game console

I want to swap my *Playbox300* for a digital camera. The game console is black and it is in good condition. You can play games on it, watch DVDs, and you can send messages to your friends using the message center. It's a great game console and I love it. I want to swap it because I have a new one. Contact me: *matteo_300*, Grade 9

Students: Please ask your parents' permission before you shop and swap.

2. Check the product for each feature, according to the advertisements.
