4. Read and answer. (10)

The kiwi lives only in new Zealand. It's very strange bird because it can't fly. The kiwi is the same size as a chicken. It has no wings or tail. It doesn't have feather like other birds. It sleeps during the day because the sunlight hurts its eyes. There are a few kiwis in new Zealand now. People don't often see them. The government says that people can't kill kiwis.

***Answer the questions.**

- A. Why can't people kill kiwis?
- B. How big is a kiwi?
- C. Does it have feathers?

**** True or false.**

- A. A kiwi has a tail but no wings.
- B. You can see a kiwi in some zoos in new Zealand.

C. The government says that people can kill them
