## Problem

## 9. READING

A. Read the article. Then read the article again and answer the questions.

**THE MOST POPULAR** *Movie Genres*

**Everyone has their favorite kind of movie.** But what kinds of movies are the most popular? A look at the list of the top ten money-making movies of all time provides some information about the most popular genres.

Do you know the genre and title of the top money-making movie in history? It's a drama, and the movie is *Titanic*. Only one other drama has made it into the top-ten list. That movie is *The Passion of the Christ*, coming in at number seven.

Some dramas really are unforgettable, but most of the movies on the list are action films, sci-fi films, or a combination of the two. These include two *Star Wars* movies, two *The Lord of the Rings* movies, *E.T. The Extra-Terrestrial*, *Spider-Man*, and *Jurassic Park*. These movies use adventure, excitement, and sometimes violence to attract people to them.

There's only one animated film in the top-ten list. At number ten, it's *Finding Nemo*.

**And here's something interesting:** Some of the movies on the top-ten list have very funny parts, but none of the movies are comedies. The list does not include any horror films, documentaries, or musicals either.

**MOVIE LINKS**

- E.T. The Extra-Terrestrial
- Finding Nemo
- Jurassic Park
- The Lord of the Rings
- Titanic
- The Passion of the Christ
- Spider-Man
